# Muhammad Israr Baloch

BACK-END DEVELOPER

**Mauripur, Hawksbay Road, Karachi | +92 3113148601 | israrb294@gmail.com**

## Objective

Dynamic and innovative Backend Developer with 3 years of progressive experience in web development and backend programming. Demonstrated expertise in crafting tailored solutions to meet clients' needs and enhance user experience. Proven track record of success in optimizing website functionality and driving business growth. Adept at collaborating with cross-functional teams to deliver high-quality, efficient, and scalable code. Committed to staying abreast of emerging technologies to drive continuous improvement and stay at the forefront of the industry. Excited to bring my skills in backend development to a forward-thinking team at this organization.

## Experience

**IT Coderz | Laravel Developer**                                                              **Nov 2025 – Present**
